Golden Rule Music is a service from the folks at Plank Road Publishing
Welcome To Our Fall 2009 Catalog

We may be the best known publisher you've never heard of. Millions of the children in your congregations sing our music. And many of your school music teachers also use our music with their church choirs. Often these teachers have asked us to create more of our quality music to use at church, and to share it with other church directors. This has inspired us to bring our music to those of you who haven't experienced it yet. We sincerely hope you enjoy it, too.

Call us toll-free at the number below with questions and orders. You can reach a live person who will say "Thank you for calling Plank Road Publishing..." between 9 a.m. and 5 p.m. (Central Time), Monday - Friday. Or visit us online.

NEW DO UNTO OTHERS by Teresa Jennings

The Golden Rule speaks to the best in all of us – generosity, goodwill, peace, love, hope, and kindness – for it is these things we all wish for ourselves as well. This amazing song isn't particularly difficult, but it can be made more challenging for your older singers if you want. And it has an incredible saxophone and jazzy gospel accompaniment. This is a number that is guaranteed to have your congregation jumping to their feet with some saying a resounding "Amen!"

NEW KUMBAYA arr. Teresa Jennings

This arrangement of "Kumbaya" is quite unique as it is done in a somewhat lively African style instead of the usual folk-ish type arrangement. Geared toward older students, this arrangement includes three different parts. The accompaniment establishes the pulse with percussion. It uses congas, udu, log drum, shekere, and shells, as well as a djembe. But this song is so versatile, you may choose to do your own percussion or sing it a capella. This is a great cross-curricular song, whether you use it for Black History Month or any time of the year.

A New Innovation From The Folks At Plank Road Publishing

So what is a **Convenience Combo Kit**? It is a kit that gives you the best of both worlds: A Teacher's Handbook, a CD, and

the downloadable version of the music and recordings as PDFs and MP3s.

As we have learned this year, a lot of people like the convenience of downloadable products, but like to have real books and CDs as well. So we set out to design a product that makes it easy to receive and purchase.

Based on the popularity of this format, we are now going to be offering lots of our products with this option. So, you will find that many products give three options:

- **Kit** (our traditional Kit with a Teacher's Handbook and a P/A CD)
- **Downloadable Kit** (the Kit in the form of PDFs and MP3s)
- **Convenience Combo Kit** (Teacher's Handbook, P/A CD, and PDFs and MP3s)

These new kits are just a bit more expensive than regular kits, but they give you the convenience of being able to print parts from your computer instead of standing at the photocopier for eons.

Buy online or with a Purchase Order - As with our downloadable kits, you can buy them at our web site and immediately download the files. We will ship the book and CD soon thereafter. You can also order by phone, fax, or mail, and we will ship you the product and send a link to your e-mail address for the downloadable components.

Many of our products are now available in this "best of both worlds" format. Just look for a symbol like the one at the left. "CCK" stands for **Convenience Combo Kit**, and this symbol means that a product is available this way.

A valid E-mail address is required for all downloadable product purchases.

NEW SING WE NOW OF CHRISTMAS
adapted/arr. John Riggio

We've taken this traditional French carol and added a bit of drama and excitement with our fast moving Celtic groove. The song uses traditional lyrics and sings as you know it, with a couple of neat additions.

This song would lend itself to Celtic dance very well, so if you have any students with those gifts and someone who can choreograph, you can create a very dramatic presentation.

NEW MERRY CHRISTMAS BELLS **by Teresa Jennings**

Because we know that many of you are always on the lookout for pieces you can use in your Christmas programs with multiple performing groups, we do our best to give you options. "Merry Christmas Bells" is a great song that gives you the flexibility to use just vocals or vocals with your choice of other players including handbells, jingle bells, Boomwhackers®, tone chimes, mallet instruments, Joia Tubes®, or just about anything else you can come up with.

NEW ONE NATION **by Teresa Jennings**

The lyrics of this song are thought-provoking, and the music alternates between haunting and passionate. If ever you're having a day when you're acutely feeling the division of opinions, parties, states, beliefs, whatever – sit down and crank up the volume of the full recording for this song. Especially after the ending, you just may find yourself with a renewed sense of hope.

NEW BATTLE HYMN FOR GETTYSBURG
adapted/arr. Teresa Jennings

It seemed like a natural union – combining the text of Abraham Lincoln's Gettysburg Address with "Battle Hymn Of The Republic" into a piece children could perform.

The possibilities for taking this across the curriculum are clear, whether students are learning about the Civil War, Abraham Lincoln, Gettysburg, slavery, the history of the United States, secession, politics, presidents, government, etc. It's a steady build from beginning to end, and very dramatic.

THE FRIENDLY BEASTS **arr. Paul Jennings**

For many years this gentle old carol has been a favorite of ours, so we decided to do a special arrangement with an expressive orchestration that lays a string orchestra over a bed of acoustic guitars. For each animal, there is a different solo instrument in counterpoint to the solo, and they all come together for the closing of this lovely setting.

JESUS LOVES ME

arr. John Riggio

You've got to hear this exciting new arrangement! Most of us have heard and sung this tune since we were kids, but you've never heard it like this. The heart of the arrangement is a foot-tapping rock style with an intriguing new harmonic treatment. The melody and lyrics are traditional, so it can be performed with even your very youngest singers.

Actually, the setting has two parts, a "prelude" that is intended for a solo voice, then the bouncy version of the tune, complete with a happy "la" melody for the intro and a final interlude. The recording is broken into two parts so that you can just do the tune by itself or in a more theatrical version with the simple prelude and then the tune itself.

It's a natural for a performance – picture one of your youngest doing the sweet introduction, with your children's choir moving in during the opening of the full song. Your congregation will love it. And there will be a lot of energy because this is just plain fun to sing!

A SONG OF PEACE

by Teresa Jennings

This beautiful song was written long before the 9-11 tragedy, but during that terrible month many people took it to heart, and it became a prominent feature in thousands of concerts across the country.

The message is so sweet, so simple, and yet, so profound. It starts with a poignant solo that is well-suited for a young soloist, and builds to a chorus that features an optional antiphonal 2-part section.

The kit includes illustrated instructions to help you teach the optional sign language for the chorus of the song.

THIS DAY OF PEACE

by Teresa Jennings

This tune was specifically written for International Peace Day (Sept. 21), but it can be used in any similar way, as it does not mention this occasion in particular. It is a very gentle, lovely tune which can be performed as a round. The lyrics and melody are both simple so that anyone can learn it and sing along. Consider teaching it to all of your choirs and even inviting your congregation to join in when it becomes a round the second time through.

GOLDEN RULE

by Teresa Jennings

**Do
Unto
Others...**

"Do unto others as you would have them do unto you." It's so simple, yet so profound. In our ongoing efforts to help young people deal with a world full of difficulties, we are offering this gentle and lovely song.

Most of us are familiar with the Golden Rule, but how many of us find it easy to actually employ it in everyday life? Even with the best intentions, we often forget. Perhaps a song can help us remember, especially if it's a song we learn when we are still young.

A powerful classic transformed for your singers!

HALLELUJAH!

From G. F. Handel's *Messiah*
Arranged for Young Voices by Paul Jennings

HALLELUJAH!

From G. F. Handel's *MESSIAH*
arranged for Young Voices
by Paul Jennings

We all know the thrill of singing this great work with a full orchestra – the power, the glory, the chills up your spine. But the original version isn't exactly designed for children's voices. That's why we have created a new setting of this classic especially developed for young choirs. It is in a lower key, and is arranged for two treble voices.

As you would expect, we are also providing a superb recording featuring full orchestra with both a full performance and just the accompaniment. There are also special rehearsal tracks to help each part learn the music.

**“For Unto Us
A Child Is Born...”**

**A Special Prologue For
Extra Drama!** To add a special touch to your performances, we have also added a short, special

prologue with an air of anticipation and an optional narration with text from *Isaiah* 9:6. The recording is designed so that you can perform the work with the prologue or with the original opening to the work.

In addition to our traditional Performance Kit, you can also order this work in downloadable form. And while the kit comes with a reproducible Singer's Part, we also offer you pre-printed parts to save you time at the printer or photocopier.

The downloadable edition gives you the same pages and recordings, but in the form of PDFs and MP3s.

With this product, for the first time, we're offering the score and instrumental parts for the arrangement heard on the recording. This way, if you have a community orchestra, or a fairly good school orchestra, you can perform the work live. We do not believe that this arrangement is appropriate for most elementary school beginning orchestras, however. The orchestration is available in downloadable form as a PDF.

Be sure to listen to excerpts of this wonderful arrangement on our web site: GoldenRuleMusic.com

A Jubilant Christmas Program...

SING WITH US
THE CHRISTMAS STORY
 A Program for Voices
 Young and Older
Musical Arrangements
 by Teresa and Paul Jennings

The concept is simple, and the performance results will be dramatic and moving for performers and audiences alike. Take eight of the most beloved carols, and arrange them in simple vocal arrangements, the way you expect them to be (with optional second parts). Now, create a narrative based on the scriptural telling of the Christmas story, broken into segments that set up the songs. For background, add richly orchestrated recordings performed by top professionals. As a final joyous option, we have made all of these arrangements appropriate for congregational participation, with intros that naturally lead them into the song. And we've included reproducible sing-along sheets for the audience in addition to the reproducible singer's parts.

If you doubt the power of this unique program, be sure to listen to the extended sound excerpts on our web site: GoldenRuleMusic.com

The carols that tell the Christmas story include:

- Angels We Have Heard On High
- O Little Town Of Bethlehem
- Away In A Manger
- The First Noel
- Hark! The Herald Angels Sing
- We Three Kings Of Orient Are
- Silent Night
- Joy To The World

It's a simple concept but with a lot of parts, so we'll list them all for clarity:

- Eight favorite carols arranged simply with an optional part 2.
- Narration from Scripture usable for as many readers as you like.
- Arrangements appropriate for **audience sing-along**, with introductions and interludes that logically lead the singers into each verse.
- Reproducible vocal parts for singers and sing-along lyric sheets for your audience.
- Director's Handbook with playable Piano/Vocal parts and suggestions for staging and costumes. It also includes reproducible scripts and customizable posters and program covers.
- A Performance/Accompaniment CD with three versions of the program: full performance with narration, full performance with music only, and accompaniment only.

Create an inspiring, moving performance that your singers and audience alike will remember with joy.

Get Kids Singing Favorite Hymns

A Collection For Young Voices
by Karl Hitzemann, Paul Jennings, and Mike Wilson

GET KIDS SINGING FAVORITE HYMNS arr. Karl Hitzemann, Paul Jennings, and Mike Wilson

We all have favorite hymns... hymns that have meant special things to us as we performed them over the years. For this new collection, we asked three of our most creative arrangers to pick favorite hymns and set them in contemporary settings that maintain the essentials of the hymn while adding new musical excitement to the arrangement and orchestration. We are pleased with the outcome and invite you to listen to the excerpts of these songs online.

This valuable resource includes:

- **All Hail The Power Of Jesus' Name** -

When you first hear this striking new setting, your first thought might be "Riverdance." It is an energetic 4/4 with an infectious 12/8 underpinning for orchestra.

- **Amazing Grace** - We think that this fine old hymn deserves the powerful setting you will find here. Opening with beautiful,

entwining string counterpoint, it leads to rich chords under the choir.

- **Be Thou My Vision** - Rooted in a strong pianistic adaptation, this favorite hymn swells into a strong, rhythmic arrangement that will stay with you for a long time.

- **Fairest Lord Jesus** - We have heard many settings of this old hymn, but this setting is unique, with a simple Appalachian accompaniment, spiced with just the right instruments including a hammered dulcimer, and a chorus of guitars. It's just right.

- **Come, Thou Fount Of Every Blessing** - Enjoy this plaintive arrangement that states the song simply, over an elegant tapestry of piano, strings, and guitar. It is topped off with a lovely violin solo over the final verse.

- **The Solid Rock** - This striking setting of this great hymn builds from an expectant intro, full of tight harmonies in the accompaniment of rhythm section and strings. By the chorus, it is a joyous forte with rock guitar and moving strings. Coming out of the second verse there is a big ending with an optional second part, and a big "Amen" to close it.

ON THIS CHRISTMAS DAY

Musical Traditions New and Old For Young Voices
A Collection by Teresa Jennings, Paul Jennings, and John Riggio

ON THIS CHRISTMAS DAY

by Teresa Jennings,
Paul Jennings, and John Riggio

**BEST
SOUND!**

For your Christmas program, we have put together a collection of some of our favorite carols. These terrific arrangements will work in a variety of settings. Songs includes:

- **O Come All Ye Faithful** - Designed for plenty of flexibility, this powerful arrangement can be performed in unison, two, or three parts. The symphonic accompaniment will help your rehearsals and provide special excitement to your performances.
- **The Friendly Beasts** - This gentle old carol is one that you will want to share with your singers, this year and in the future. Four of the verses are ideal for solos and are simple enough that they can be performed even by younger singers.
- **The Angels Sang** - This song is a tasteful blend of folk, rock, and march styles, with simple lyrics and a memorable melody.
- **Joy To The World** - Authentically set in the style of Handel, this joyous arrangement of

the classic Christmas carol is the perfect way to open a holiday performance. It includes a recording that features a full orchestra of real instruments. Don't miss it!

- **Masters In This Hall** - Our arrangement of this well-loved English carol is set in a Celtic style, with a rollicking feel reminiscent of its French dancing song roots. We've included the traditional English sacred text. This beautiful song will be a great addition to your program.
- **Christmas Day** - Here's a stand-out Christmas song. "Anthem rock" is perhaps the best description of this favorite, and that's what makes it so popular with young singers.
- **The Coventry Carol** - Our arrangement of this caroling song is short and simple, but it will give your serious singers a chance to show off their voices.
- **Children, Go Where I Send Thee** - Here's a very lively, singable song. And once your singers understand the formula, they will follow it easily.

A SEASON OF JOY by Teresa & Paul Jennings

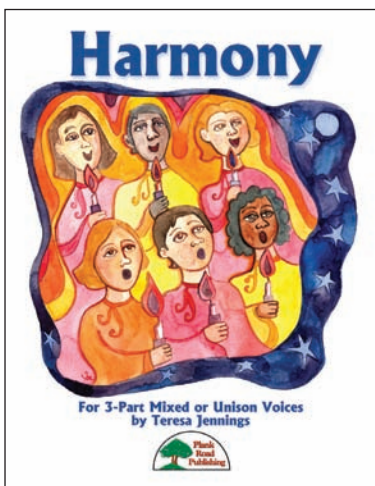

Teresa and Paul Jennings are probably at their best when they are writing seasonal songs. Teresa's originals and Paul's arrangements have made them very popular with teachers/directors worldwide. This collection brings together a rich blend of favorite songs in a variety of styles. It includes:

- **Season Of Joy!** - Great as an opener or closer, this upbeat song is full of folk-flavored charm and a full orchestra to add depth.
- **I Heard The Bells On Christmas Day** - This lush arrangement of the favorite old Christmas classic is backed by a richly scored brass ensemble.
- **A Perfect Winter Day** - This jazzy tune is a great example of Teresa's skillful, tuneful partner songs. Give it a listen and you will discover its wonderful charm and witty humor!
- **I Wish** - This song may be used any time of the year, but it is particularly poignant during the holiday season when the subjects of charity and peace are so prominent. The lyrics speak of kindness and child-like purity of heart.

- **Yankee Doodle Santa** - It could be a "pull-out-all-the-stops" finale, but it will also provide lots of fun for any part of your winter performances.
- **Here We Come A-Caroling** - The joy in this arrangement is in the beautifully played brass and percussion that bespeaks another period while staying fresh every time you hear it.
- **Peace On Earth** - Set in an infectious gospel style, this moving selection has proved to be very popular. The verse is meant to be sung by soloists, up to four of them, with the full ensemble joining in for the chorus.

HARMONY For 3-Part Mixed or Unison Voices by Teresa Jennings

This richly beautiful song is based on Johann Pachelbel's famous chord progression for his *Canon In D*. There are variations, however, from the original, and the actual melody and countermelodies are never used. Instead, there is an original melody which tells the story of a little baby "who loved with all his heart." Right off the bat, you could read a sacred theme into this text, even though it never specifies anything sacred.

This song is very special to us, and over the years it has remained a favorite to us and to the many thousands of schools and churches who have used it.

The amazing Performance/Accompaniment recordings are excellent resources on this song for just listening. The full version includes the children's voices and could be used as a teaching reference. The accompaniment track reveals the orchestration more clearly because there are no children's voices on it.

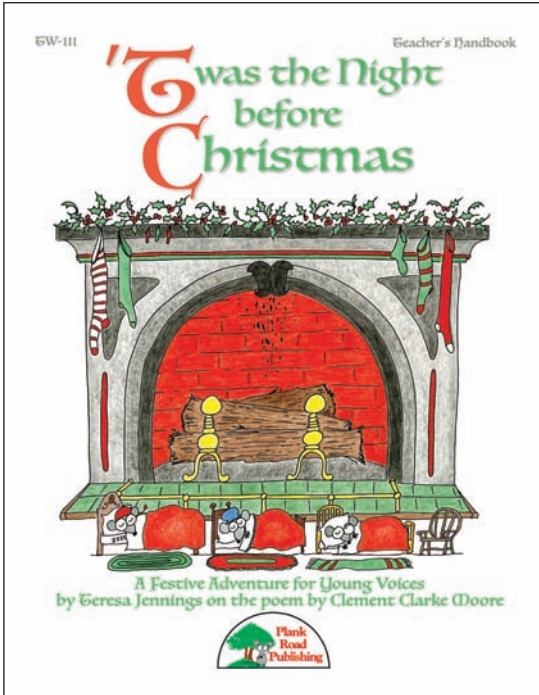

Enjoy the powerful orchestration and the big ending.

This special song works for a wide variety of ensembles, and would make a great way to combine groups capable of performing unison, 2-Part, and 3-Part mixed arrangements. Listen to the excerpt on our web site and you will see the potential.

A delightful new classic for your singers!

'Twas the Night before Christmas by Teresa Jennings

For almost two centuries, the memorable poem by Clement Clarke Moore has been passed from generation to generation helping shape our mental images of Christmas. We wanted to wrap it up musically for today's children, and who is better to do that than Teresa Jennings?

As you can hear from the recorded excerpt, the melodies are memorable but easy to learn and sing, and the song is broken into several sections. The opening is traditional and it moves naturally into one of several "hip hop" sections that your kids will love (and your boys will have a great time performing as ours did in the studio). At the center of the work is a short ethereal section appropriate to text, and a big finale.

The Mice - In the recording, you hear a "Greek chorus" of sorts... made up of mice! They

comment on the action and just generally have a great time of it. These parts can be performed by a couple of kids or a small group within your group, or perhaps some of your younger kids can pantomime along with the recorded tracks. Also, during the hip hop sections, there is a group of "Manly Mice" who accent key words with great enthusiasm. Here's where some of your more theatrical (dare we say, "hammy") boys will shine.

The Recording: Lots of Options - On the Performance/Accompaniment CD (and on the downloadable tracks) you will find four different versions of the work:

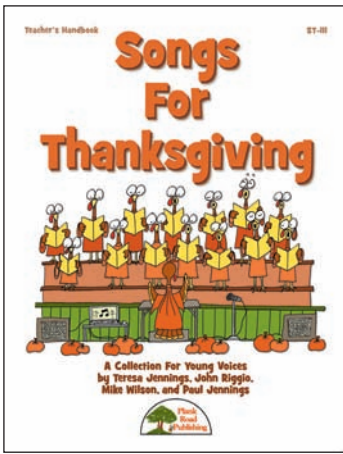

- Full Performance including the soli mice.
- Full Performance without the soli mice, so that if you want the security of the recorded singers, you can still provide your own soli mice live.
- Accompaniment Tracks including the soli mice.
- Accompaniment Tracks without the soli mice, in case you want to provide your own singers for these parts.

In addition to our traditional Performance Kit, you can also order this work in downloadable form. And if you want the best of both worlds, you will also be able to purchase this and all of our new products as Convenience Combo Kits, which give you the solidity of a printed book and a CD as well as the convenience of digital files you can print and use with your digital music system. The downloadable edition gives you the same pages and recordings, but in the form of PDFs and MP3s.

This is a guaranteed crowd pleaser that will work well with one age group, or with several age levels combined. It's a great way to share a bit of familiar history with your singers set in an imaginative way that everyone will enjoy.

NEW SONGS FOR THANKSGIVING
by Teresa Jennings, John Riggio, Mike Wilson, and Paul Jennings

Music programs need all kinds of music for November. From solemn, thoughtful songs of thanks to cute turkey tunes for the little ones. And let's not forget songs about the favorite foods of the season. For almost 20 years, we have had fun creating these for you in *MUSIC K-8*. This new collection brings you some of our favorites.

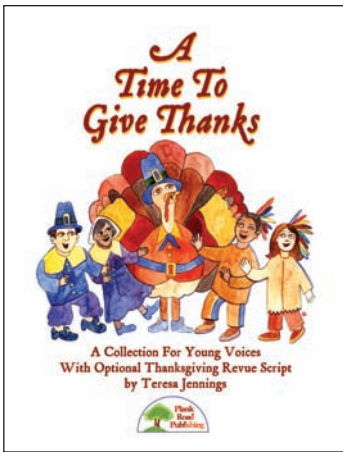

- **Blessings On This Day** - Reminiscent of an old British hymn, this touching song features a richly scored brass band on the recording.
- **The Gobble Song** - Told from the turkeys' point of view, this funny tune is fun for kids of all ages... and audiences.

A TIME TO GIVE THANKS **by Teresa Jennings**

Over the years, Plank Road Publishing has written many songs – both humorous and poignant – to help celebrate Thanksgiving. You can even use this collection as a Thanksgiving Revue with the script that is included in the Teacher's Handbook. It includes:

- **Gratitude Attitude** - With its simple format and unison, easy-to-learn melody, this lively Latin song will help your singers think about some of the things in their lives that they are grateful for.
- **Mashed Potatoes** - Your kids will have a hard time sitting still with this boogie woogie tune.
- **Pilgrims** - We have had many requests for a song about the Pilgrims, and this unique story song is a tribute to those brave people who crossed the Atlantic in 1620.
- **Thankful For The U.S.A.** - Set in an infectious Nashville rock style, this song is an inspiration and an important reminder to all of us that we are truly fortunate to be Americans.

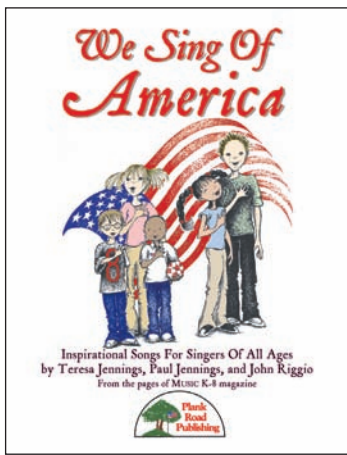

• **Thanksgiving Day** - This is a simple, reflective, straightforward song about Thanksgiving. As a nice option, a recorder obbligato part is included. You can treat it as a solo obbligato, or use several recorders along with several voices for a really neat effect.

• **The Turkey Woogie** - Kids everywhere have had a ball singing and moving to this lively song. It's easy to sing and it comes complete with enjoyable movement instructions.

• **We Are Thankful** - This tune is ideal for the celebration of Thanksgiving. Set in a style that's a cross between folk, gospel, and good ol' boom-chick, your singers will have a great time performing this song at any time of the year.

SING FOR THE RED, WHITE AND BLUE

This wonderful collection combines eight of the best patriotic songs. It includes age-appropriate, stirring arrangements of traditional songs, as well as new originals by Teresa Jennings that are already becoming standard programming for many organizations around the country. *Sing For The Red, White And Blue* includes:

- **Sing Of America** - Add some variety to your performances with this partner song with a Gospel feel.
- **America (My Country 'Tis Of Thee)** - It probably won't surprise you to hear that "America" is one of the nation's most popular patriotic songs. Our version is a solid arrangement that's suitable for any performance.
- **You're A Grand Old Flag** - This is a perennial favorite that is fun to sing and easy to move to.
- **America The Beautiful** - Here's a song that is downright inspirational and patriotic!
- **America, My Home** - This stirring patriotic classic is

a memorable work that stays in the minds of listeners and singers alike.

• **The Stars And Stripes Forever** - Take your singers back to an era when popular songs could only be heard in a live performance, and when the most popular performing group was a band of men in elaborate uniforms playing marches.

• **Yankee Doodle's Pony** - Once again, Teresa has come up with a cute partner song for a well-known classic. This time, she adapts "Yankee Doodle" to be sung in a swing style. Use it to provide a new twist to a patriotic favorite.

THE UNFRIENDLY BEASTS (No Room In The Stable)

by Ruth Elaine Schram and Scott Schram

The Unfriendly Beasts is a charming, humorous story of the manger animals who must share their crowded stable. The animals protest, and Mayor Mouse leads them in preparing a "No Vacancy" sign. But, as the Light of Salvation gradually illumines the stable darkness, their hearts are turned from coldness to compassion. Soon, the Unfriendly Beasts become the Friendly Beasts, and the entire stable joins in welcoming the Holy Family. This musical is flexibly designed for children's choirs, Sunday schools or Christian schools and features 6 easy unison songs, some featuring optional 2nd parts, simple dialog and staging suggestions. CHECKS, PURCHASE ORDERS, and INVOICES

We don't encourage the use of Purchase Orders because they are expensive and time-consuming to service. Still, this is often the only way you can use your budget, so we accept them. Since we believe that you should only pay for what you order, we include a \$2.50 processing charge for all Purchase Orders. **Our terms are "Payment In Full Within 15 Days Of Receipt."** If payment is not forthcoming, and we must re-invoice, we will add a Service Charge of \$5.00 to the invoice. Credit is expensive as is the labor that it takes to track invoices, and we feel that it is unfair for us to pass this expense to all customers when only a few of them require the extra effort. We offer very fair prices and good service. We hope that you will all help us in this matter. Thanks.

Please make checks payable to: Plank Road Publishing.
